Ague Cure Is a purely vegetable bitter and powerful tonic, and is warranted a speedy and cer-tain cure for Fever and Ague, Chilis. and Fever, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Periodical or Billous Fever, and all malarial disorders. In miasmatic dis-

malarial disorders. In miasmatic dis-tricts, the rapid pulse, coated tongue, thirst, lassitude, loss of appetite, pain in the back and loins, and coldness of the spine and extremittes, are only premoni-tions of severer symptoms which termin-ate in the ague paroxysm, succeeded by high fever and profuse perspiration. It is a startling fact, that quinine, arsenic, and other poisonous minerals form the basis of most of the "Fever and Ague Preparations," "Specifics," "Syrups," and "Tonics," in the market. The preparations made from these mineral poisons although they are palatable, and may break the chill, do not cure, but leave the malarial and their own drug poison in the system, producing quinism, dizziness, ringing in the cars, headache, vertigo, and disorders more formidable

and always cures the severest cases. It contains no quinine, mineral, or any thing that could injure the most delicate patient: and its crowning excellence, above its certainty to cure, is that it leaves the system as free from disease as before the attack. For Liver Complaints, Aver's Ague Cure, by direct action on the liver and biliary apparatus, drives out the poisons

the disease they were intended to cure.

AYER'S AGUE CURE thoroughly eradicates

these noxious poisons from the system,

which produce these complaints, and stimulates the system to a vigorous, healthy condition. We warrant it when taken according
